MEDICAID ALERT

April 9, 2018

Asset Verification System (AVS)

The purpose of this Alert is to notify organizations assisting consumers with Medicaid applications and renewals of the implementation of the Asset Verification System (AVS) for purposes of determining Medicaid eligibility for SSI related applicants and recipients (A/Rs). This system has already been implemented for all applications and renewals in the rest of New York State. HRA is in the process of implementing AVS in New York City.

The New York State Department of Health (SDOH) contracted for the creation of an asset verification system (AVS) to be in compliance with federal requirements. This AVS allows for electronic exchange of financial account information with national and local financial institutions, and real property information with public records databases.

Initial implementation by HRA began in October 2017 with new applications submitted through EDITS by 25 nursing homes for non-spousal applications. Effective January 22, 2018, use of AVS was expanded to all non-spousal new Nursing Home applications submitted through EDITS. Effective Monday, March 26th, the use of AVS was again expanded to include new spousal Nursing Home applications submitted through EDITS. We will send out further Alerts as AVS is implemented for additional application types.

Information Available Through AVS

Generally, AVS will electronically verify accounts held in banking institutions and conduct searches on real property owned by the A/R and/or the A/R’s spouse during the month of application and the three-month retroactive period.

For individuals applying for Medicaid coverage of nursing home care, AVS will:

- Verify the A/R’s and the spouse’s accounts held in banking institutions for the month of application and the 60-months look-back period, including accounts that were closed during this period and will identify months in which a potential transfer of assets is detected; and
- Conduct searches on real property owned by the A/R or the A/R’s spouse during the month of application and the 60-months look-back period, including any property that was sold or transferred during the period.
Paper Documentation

Paper documentation of Resources is required:

- If AVS does not return a response for a bank account that was reported on Supplement A, and the individual is applying for community-based long-term care or nursing home care
  - Since we do not yet know the response rate for AVS, we highly recommend continuing to submit paper documentation for bank accounts when they are available
- To further review transactions in months in which AVS identifies a potential transfer of assets
- For assets that cannot be verified through AVS. AVS only reports on financial accounts held in banking institutions and cannot be used to verify stocks, bonds, securities, and mutual funds purchased through a brokerage firm or life insurance policies and annuity products issued by insurance companies
- In certain circumstances if there is a discrepancy between information provided by the A/R and the results of the AVS inquiry

Authorization to Verify Assets through AVS

An SSI-related A/R and his/her spouse must authorize the electronic verification of their assets as a condition of Medicaid eligibility. This requirement applies regardless of whether an applicant is attesting to the value of resources for community coverage without long term care or seeking Medicaid coverage of community-based long-term care or nursing home care. Exceptions to this requirement are:

- Incapacitated Individuals who are not capable of authorizing the verification of assets through AVS and who do not have another person authorized to sign on their behalf. **When submitting applications for incapacitated consumers, the MAP-3044 must be completed and submitted with the application.** Paper documentation of resources will be required for these consumers.
- Parents of SSI-related children are not required to provide AVS authorization since resources owned by the parents are not always considered in determining the child’s eligibility. Paper documentation of resources will continue to be required if applicable.
- An SSI-related A/R (and his/her spouse) who are eligible for Medicaid Extended Coverage as a NYS Partnership for Long Term Care (NYSPLTC) policy holder with Total Asset Protection are not required to provide AVS authorization.
- Institutionalized Individuals in the Modified Adjusted Gross Income (MAGI) category of assistance may, but are not required to, provide AVS authorization for purposes of reviewing resources for the 60-months look-back period for coverage of nursing home care. If authorization is not provided, paper documentation of resources for the look-back period will be required.
How AVS is Authorized

The A/R’s signature on the Medicaid application and renewal form is sufficient authorization to verify assets through AVS. A legally responsible spouse is required to provide authorization for Medicaid to electronically verify his/her assets as a condition of eligibility for an SSI-related A/R. This authorization must be signed by the legally responsible spouse or by someone authorized to act on the spouse’s behalf. Supplement A (DOH-4495A) has been modified to obtain a non-applying spouse’s authorization to verify assets through AVS. This new form is the Supplement A (DOH-5178A). At this time, HRA continues to use the DOH-4495A but we will accept the DOH-5178A if it is submitted. SDOH has also created a new form the DOH-5149 for purposes of obtaining the signature of a non-applying spouse. Spousal Nursing Home applications must include either the DOH-5178A or the DOH-4495A and the DOH-5149. Renewal forms will be modified to obtain non-applying spouse information and signature when HRA implements AVS for renewals.

If a Medicaid application is signed by someone other than the applicant, the applicant’s spouse, or an authorized representative, a separate authorization must be submitted to allow the individual to sign the application on behalf of the applicant. For Nursing Home cases, the MAP-3043, Authorization to Apply for Medicaid on My Behalf, can be used to document this authorization as well as the signature page of the Master Admissions Agreement (for those facilities already pre-approved by HRA’s Office of Legal Affairs). Additionally, the MAP-3044A, Facility Submission on Behalf of a Client must be included with the submission.

Medicaid applications filed on behalf of deceased persons must be signed by the decedent’s surviving spouse or by the legally appointed representative of the decedent’s estate. Applications received by HRA that are not signed by the decedent’s spouse or estate representative will be accepted, but will be deferred for signature of the spouse or legally appointed representative. If the Medicaid application is signed by the decedent’s spouse or estate representative, the decedent’s assets can be verified through AVS.

Applications without appropriate signatures will be denied.

In most instances, HRA will be budgeting the resource information provided by AVS. If coverage is denied or discontinued due to excess resources, clients will be given 30 days to dispute these results.

H. Important Information

Liens on Real Property

Upon receipt of Medicaid, a lien may be filed and a recovery may be made against your real property under certain circumstances if you are in a medical institution and not expected to return home. Medicaid paid on your behalf may be recovered from persons who had legal responsibility for your support at the time medical services were obtained. Medicaid may also recover the cost of services and premiums incorrectly paid.

Transfer of Assets

Federal and State laws provide that an individual may be found ineligible for nursing facility services for a period of time if an individual or an individual’s spouse transfers an asset for less than fair market value within the look-back period. The look-back period is the 60 months immediately prior to the date an individual is both institutionalized and has applied for Medicaid.

Annuities

As a condition of Medicaid coverage for nursing facility services, applicants are required to disclose a description of any interest the individual or the individual’s spouse has in an annuity. This disclosure is required regardless of whether the annuity is irrevocable or a countable resource.

In addition to the purchase of an annuity, certain transactions made to an annuity by the applicant or the applicant’s spouse within the look-back period, may be treated as a transfer unless:

• The State is named the remainder beneficiary in the first position for at least the amount of Medicaid paid on behalf of the annuitant; or
• The State is named in the second position after a community spouse or minor or disabled child, or in the first position if such spouse or representative of such child disposes of any such remainder for less than fair market value.

If documentation is not submitted verifying that the State has been named remainder beneficiary, you may be ineligible for coverage of nursing facility services.

If the annuity is a countable resource at the time of application, you/your spouse are not required to name the State as remainder beneficiary.

Both spouses must sign below. This authorization will end if my application for Medicaid is denied, or I am no longer eligible for Medicaid, or I/we revoke this authorization in a written statement to my local Department of Social Services.
